PELL CITY HIGH SCHOOL SENIORS

Pell City, Alabama

Time is a sort of river of passing events,  
and strong is its current. No sooner is a thing  
brought to sight than it is swept by and an-  
other takes its place, and this too will be  
swept away.

--Marcus Aurelius

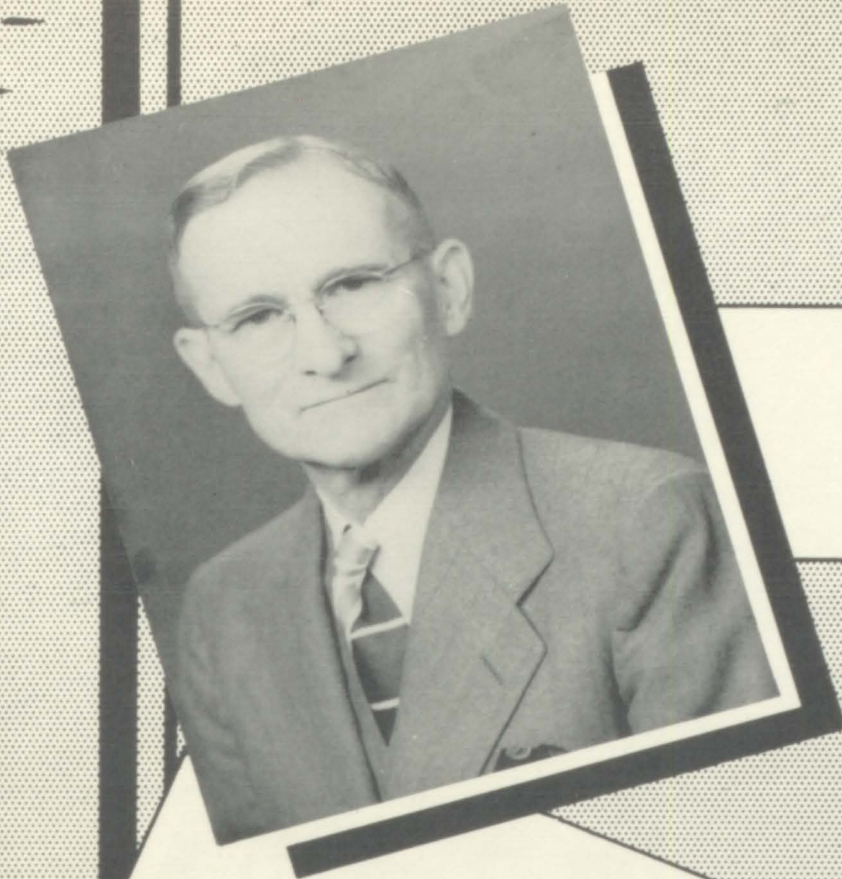

## *Foreword*

The purpose of the 1953 PELMEL is to record the deeds of boys and girls, who, for the past four years, embodied the spirit of Pell City High School. In the years to come this yearbook will keep alive the memories gathered during their high school days. The future years will bring new faces and changes to the school scene, but there shall be this record of the friends they knew, the things they did and the memories that are still dear to them.

## *Superintendent's Message*

To the students:

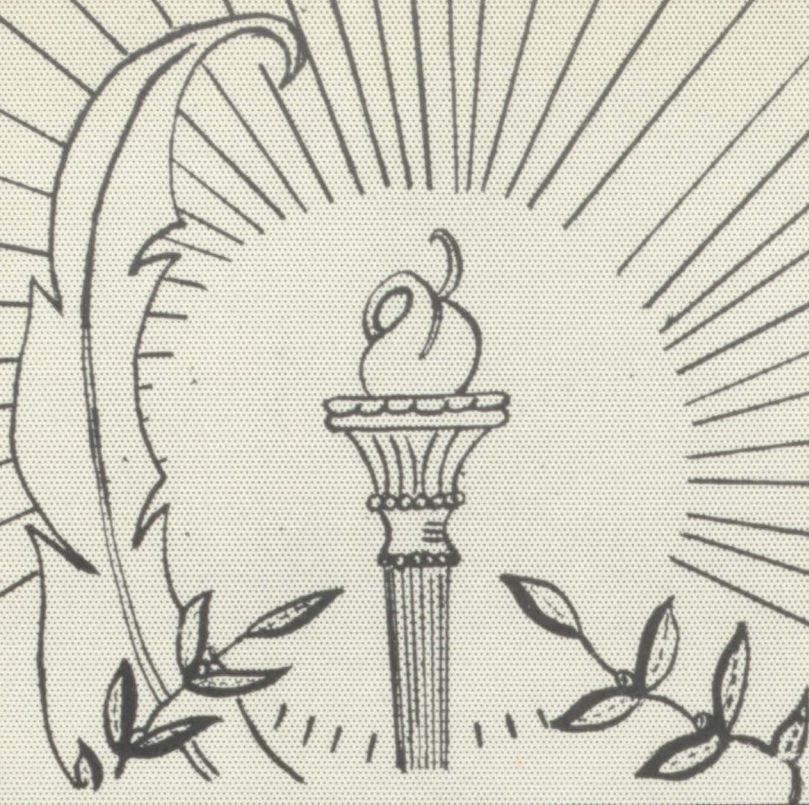

It is all right to stick to old ruts so long as no better way presents itself. When a better way does appear, do not be slow in changing. This is necessary to promote continuous progress.

This age presents great opportunities to you. There is much to challenge your best efforts. May you have the courage to face the future with a noble purpose.

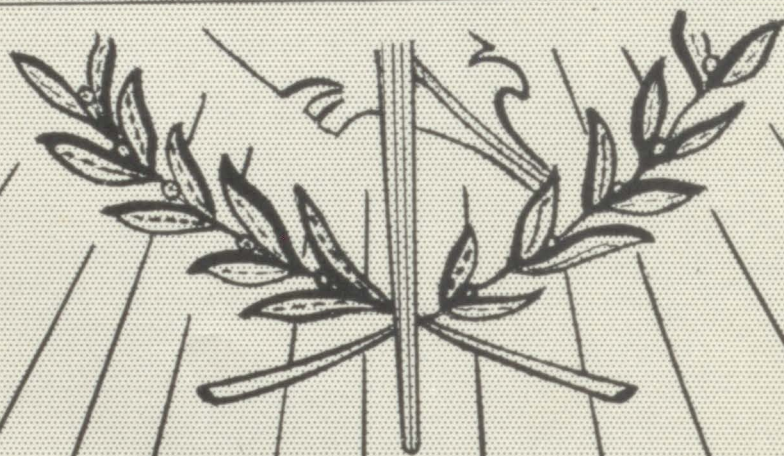

Sincerely,

*Roy Gibson*
